Vocals recorded at Earthtones Recording, Greensboro, NC.  
[www.earthtonesrecording.com](http://www.earthtonesrecording.com)

Benji Johnson - Audio Engineer

### **The Producers:**

Produced by Karl Bingle and David Harris

### **David's Notes:**

Our wholehearted thanks to Kenny Kallam for his outstanding vocals on this album. We are so fortunate to have him sing and participate in the vocal production.

*Armored in False virtue, the world elites have decided they are the stewards of us all their attempted indoctrination into socialism and marxism will fail their entitlement is a cesspool of vanity and emptiness a total asymmetry of intent, in a world of deceit, you can stand strong, awakened, knowing truth, this is the **Red Pill**.*

# Lyrics

## **“Dream Releasers”**

(David Harris)

### **Verse 1**

*300 Million sheeple, walking around blind,  
No clue to realize, their just doing time,  
We'll tell you what to think, and what to say,  
Just do what we tell you, Don't step out of line*

*Here it comes Orwellian feeling that's always lurking,  
pay no attention to the man behind the curtain,*

### **Pre Chorus 1**

*Majestic warriors, discernable foes,  
We stay hidden while they languish below*

### **Chorus**

*Walk in the shadows, we're the eyes of America,  
Waiting and watching them all,  
The radio waves fill, the Skies of America,  
Waiting to strike on them all,*

*Exposing deceivers, we are the dream releasers,  
They're flying on wax wings like, Icarus in the Sun  
Walk in the shadows we are.....Dream Releasers*

### **Verse 2**

*The folly of the slogan, down the ages rings,  
The ruin of Republics, the purge of Kings,  
Indoctrination programmed, Delusional Dreams,  
Don't listen to what they say, watch what they do*

*Here it comes Orwellian feeling that's always lurking,  
Pay no attention to the man behind the curtain,  
Red Pill minds, they just can't control,  
We are the ones who just won't go, we will not go*

### **Verse 3**

*Now you've come full circle, crossed the Rubicon  
You're defining moment, the pinnacle of truth,  
Bullet proof armored, you can see beyond,  
Intrepid Warrior, Like the Knights of Old*

### **Pre Chorus 2**

*It's a lonely road that you've been on,  
A heavy rope you've had to tow,  
And though you're weary and fall to the ground,  
And just when you think you can't go on,*

(Chorus)

# **“Waltz of the Titans”**

(David Harris)

## **Verse 1**

*Narcissistic women, who bring pain into lives they have no shame  
Crying children, they think they're blamed  
Simps and betas, fuel their fame*

## **Pre Chorus 1**

*Round and round like rats on a wheel  
Time to let it burn all down*

## **Chorus**

*Then like a phoenix rise from the ashes into the masses we fly high  
A Spartans phalanx, moving forward, piercing Armour, rebirth of life  
When the skies are filled with lightning, looks like a waltz of Titans*

## **Verse 2**

*Digital sluts, Media Whores, materialistic degenerate Hell,  
Look how hard and fast they fell,  
Are we at the end of days*

(Pre Chorus)

(Chorus)

(Instrumental/Solo)

(Chorus)

# **“Hypnotized”**

(David Harris)

## **Verse 1**

*I watched the men fall into the cesspool,  
Of vanity and emptiness,  
Weak effeminate men, The soft cuddled elites*

*I check my six and I move two clicks,  
I've always been a fighter, a fighter can inspire many , with an army to his side*

*I'm not going to March to their hypnotic cadence, i have my own Xanadu  
I have but one decision The only way is through*

## **Chorus 1**

*They're chasing rainbows in clear blue skies  
Unreal pleasures are their pie in the sky,  
They're just chasing rainbows in clear skies,  
They don't realize they've been hypnotized*

## **Verse 2**

*I hit the ground and I'm running hard,  
I'm running for my life, I can hear the spinning wheel behind me, but I won't take that plight*

*A cesspool of vanity, asymmetry of intent,  
There's way more money telling you lies, than money that's been spent*

*Elysian Fields of eternity,  
My playground of tranquility  
Woke is tyrannical, awakened is freedom,  
And you won't dare step foot in my kingdom*

*The way to see by faith, is to shut the eyes of reason,  
To laugh at men of sense, is the privilege of fools*

## **Refrain**

*And I return to a simple place,  
The best things in life are free,  
You're only poor if you desire many things,  
And I always had the strength to walk away*

(Instrumental/Solo)

**Chorus 2**

*They're just chasing rainbows in clear skies  
They don't even realize they've been hypnotized.*

## **“Passages of Time”**

(David Harris)

### **Verse 1**

*The break of morning slumber,  
Sun baked crimson skies  
It lights the candles of my heart  
Patient Shimmering, of hushed Serenity,  
A tranquil lull across the sky*

*It's been a long time and time always heals the things we've seen in life,  
The wondrous passages of time,  
Yours and mine*

### **Chorus**

*Hold me now can you feel it all inside me  
Hold me now I'm alive  
And look in my eyes, can you see the stories of my life,  
Look in my eyes I'm alive,  
It's been a long time and time always heals the things we've seen in life,*

*The wondrous passages of time,  
Yours and mine. Passages of time,  
Yours and mine, yours and mine*

### **Verse 2**

*Majestic radiance of heartfelt memories,  
Plays like a record in my mind,  
Euphoric odyssey, held in captivity,  
Forged me like a piece of iron*

*And all those faces, and all those places  
They were just a passage of time  
Yours and mine*

(Chorus)

## **Refrain**

*It's the simple things in life, I learned Along the way  
I stepped off the edge, and I never was the same  
I knew it was my turn, to do it my way,  
And I left out that day, and I never would return!*

*I climbed the mystic mountains, of my forever more,  
I've felt the gift of love, and I've seen the Hell of War,  
I've slayed the dragons of evil men, and conquered worlds new,  
I shared with a poor man, and I've dined on honeydew,  
The memories of our journeys are forever burned,  
The pages always turn in life and you never can return!*

*Passages of time, yours and mine*

*The break of morning slumber, lights the candles of my heart*

## **“Courage and Shame”**

(David Harris, Karl Bigle)

### **Verse 1**

*I Turn my face into the universe  
Turn and face so I see it all  
Walk the razor's edge of diligence  
It Guides to my port of call*

*Walking down these city streets, reflections in shop windows,  
Just Cold air and blind stares deceptive Innuendos  
I can see the end in sight, it's not what they told us,  
We're the ones who built this world, and they're the ones who will turn it to rust*

### **Chorus**

*You will have courage, and you will feel shame  
On the mountains of truth, you never climb in vain  
Have the presence of a lion, the heart of a saint  
You will have courage, and you will feel shame*

### **Verse 2**

*Strength it drives me far beyond,  
Strength that craves and strength that bonds  
Hunger has a way of driving us  
To seek a higher calling*

*Humility grows a lost soul makes you a humble martyr,  
it brings you up so graciously, higher than you started,  
With Scars on my hands, I'm leaving this urban sprawl  
Gratitude is the howl of hubris  
And hubris comes before the fall*

(Instrumental/Solo)

(Chorus)

# “Harmony of the Spheres”

(David Harris)

## Verse 1

Way up here it's such a thrill to be near,  
The source of life that comes from the Harmony of the Spheres

Last in line, but first in time  
Harmonic codes, musical modes

Cruising past the Milky Way, our interstellar highway  
Time is space, and space is time,  
we navigate thru, by consciousness of mind

## Chorus

*3 6 9 is the Harmony of the Spheres  
Like gears on a wheel, the universe aligned  
Harmonically arranged, musically designed  
The key to it all, is 3 6 9  
A guitar's strings, a planet's rings, are all the same thing*

## Verse 2

*Celestial bodies creation new,  
This musical universe, is all so true,  
The secrets of the universe, the door that leads to,  
Formations of perfection, our wavelength rendezvous*

*Geometry in the hum of strings, music in the space of Spheres  
Symphony of the heavens sings  
Strings on the guitars, play to the evening stars,*

*Everything is arranged so brilliantly  
A guitar's strings, a planet's rings, are the same thing*

(Instrumental)

(Chorus)

## **“Return of Kings”**

(David Harris, Adam Piggott)

### **Verse 1**

*Wasn't so long ago, when innocence flowed  
Everyone followed the order, we all answers up  
Life was pure and clear, we knew right from wrong  
Then they rose amongst us, they came to divide and conquer  
But little did they know, the bell of history rings for the Chronicles of the Kings*

### **Chorus**

*Oooh I smell deceit, a brood of Vipers in a den of thieves,  
Laughing at—— the laws of order, I will bring them to their knees  
They eat the bread of wickedness, and drink the wine of violence  
Bloodlust and greed I slay, unholy alliance  
Order Return of kings*

### **Verse 2**

*Machiavellian madness, chaos everywhere  
The serpents lie of equality, the apple of despair  
Digging deeper and deeper, mysandric rabbit holes  
They subjugate our truths, but little do they know,  
The bell of history rings, for the Chronicles of Kings.*

(Chorus)

### **Refrain**

No more cowardly priests who bend their subtle spines,  
To the worldly spirits of our modern times

(Instrumental/Solo)

### **Verse 3**

*They eat from forbidden trees, defy the order the sacred decree,  
The serpents lie of equality is forever crushed  
When we return to Kings  
Order return of Kings  
Order return of Kings*

## **“Red Pill Man”**

(David Harris)

### **Verse 1**

*10,000 years of order, and 40 to bring it down  
We followed the path he gave us, to pinnacles renowned  
A generation spawned, a wasteland of fools  
They drank the venom, now they obey their rules  
His modern suit of armor, his mind is out of sight  
So he flies under the radar, and vanishes into the night*

### **Pre Chorus 1**

*Beautiful Crimson Aurora, the battlefield reveals  
The smell of burning embers, from our scorched barren fields,  
Just another day in the life of a red pill man*

*He laughs as they bury, bury their heads in the sand,  
Just another day in the life of a red pill man*

### **Pre Chorus 2**

*His cards are on the table, he's shown his final hand  
He chose this path to walk, moral compass, divine command,  
Just another day in the life of a red pill man*

### **Chorus 1**

*The sound of Cresting waves, breaking on the shore,  
reminds me of a reality, I never saw before  
I hear the cries of freedom, cries from everywhere  
But they tell you, it's a circle, you know it's a Square*

*Nobody cares how you struggled, thru the times,  
They just wait for the winners, at the finish line  
The exodus of minds, away from their delusion,  
Searching for the truth, Is a foregone conclusion*

## **Dialog**

*First your filled with anger  
Then you're feeling sad  
Then your mind is opened  
You ascend to see through it all*

## **Chorus 2**

*I crossed the point of no return, wiser than his youth,  
Standing on the pillars, I ride the waves of truth  
Like fools digging on a beach, they bury their heads in the sand,  
I laugh at their illusions, he is a red pill man  
I am a red pill man  
I am a red pill man*
